Terms & Definitions

Term	Description
Achieved Rank	This is the highest rank that a Brand Partner has been paid over any bonus period.
Active Brand Partner	Brand Partners that maintain a minimum amount of Personal Volume are considered to be Active. The minimum amount of Personal Volume to be considered Active is 80 PV or more.
Active Customer	Personally enrolled Customer that has ordered at least 35 PV in the 4 week Active Status Timeline.
Active Status Timeline	The Active Status Timeline is defined as 4 complete bonus periods—the current bonus period and the previous 3 full bonus periods. Personal Volume from orders placed during this timeline is added to determine at what Active status level Brand Partners are for rank and payout calculation determinations.
Bonus Period	Bonus periods are weekly beginning at midnight (12:00 a.m. MT) on Monday and ending at 11:59 p.m. MT on Sunday.
Carry Over Volume	Unused Volume may be accumulated and used in the next pay cycle and/or carried over for future pay cycles. BPs may use Carry Over Volume at a 1-to-1 ratio of newly generated volume. 1-to-1 ratio will activate for legs that have more than 30,000 CV accumulated. 1:1 ratio will apply to team commission calculation and rank advancement.
Commission Volume (CV)	This is the second of two volumes assigned to all orders. This volume is used to determine binary tree volumes, PET-V volumes, and any payout calculations (e.g., Team Commissions). 50% of all Customer Volume is rolled upline.
Customer	A person that purchases product either directly from a Brand Partner or through a replicated website. A Customer does not retain a position in the Binary Tree and cannot enroll other Customers or Brand Partners.
Cycle	A cycle is paid out weekly at the rate of \$25 per cycle. You can earn up to the following cycles/USD for each of the following ranks: Starter Group through Executive Brand Partner can earn up to 100/\$2,500; Bronze 200/\$5,000; Silver 300/\$7,500; Gold 400/\$10,000; Platinum 500/\$12,500; Pearl 600/\$15,000; Blue Sapphire 700/\$17,500; Ruby 800/\$20,000; Emerald 900/\$22,500; Diamond, Black Diamond, Royal Black Diamond & Imperial Black Diamond 1,000/\$25,000; Crown Blue Diamond and up 1,100/\$27,500.
Enrollment Tree Max Volume Per Leg	Enrollment Tree Volumes are tracked within each leg, respectively. This is used for rank advancement determinations for certain ranks that require a specific amount of Enrollment Tree Volume with a maximum amount coming from any one individual leg.
Paid-As Rank	This is the rank that a Brand Partner is paid at for a bonus period.
Personal Enrollment Tree Volume (PET-V)	Enrollment Tree Volume is determined by adding all volume placed by all Brand Partners in your enrollment organization (i.e., personally enrolled Brand Partners, their personally enrolled Brand Partners).
Lesser/Greater Binary Leg Volumes	The Binary Tree is split into two different legs (left and right). The volume placed by Brand Partners/Customers in either leg is added to determine the total volume for each of these legs. Once the volumes have been added, the Lesser and Greater legs are determined based off of the total volumes.
PE Active L/R Count	Qualified Brand Partner and above requires that a Brand Partner have a set number of personally enrolled and Active (80 PV+) Brand Partners that are placed on the left and right sides of the binary tree.
Personal Volume (PV)	This is the first of two volumes assigned to all orders. This volume is used for Active status determinations.
Qualified	For a Brand Partner to be considered as Qualified, they must have at least 2 personally enrolled Active Brand Partners—at least one must be placed on the left Binary Tree leg, and at least one must be placed on the right Binary Tree leg.
Qualified Enrollment Tree Leg	Some ranks require that a Brand Partner have a certain number of enrollment tree Qualified legs. This means that in an individual leg a Brand Partner has at least one Brand Partner paid at the required rank or above. For example, if a rank requires three Diamond legs, then this means that the Brand Partner is required to have three separate enrollment tree legs that have at least one Paid-As Diamond or above somewhere in each one.

Rank Requirement Details

- The Personal Volume requirement is determined by combining the BP's own volume and their Customer Volume together.
- For re-entry, once Brand Partners reach Black Diamond or higher in rank and maintain the rank of Black Diamond or higher for a minimum of four consecutive weeks, they may be awarded an additional BC (Business Center).
- The awarding of the new BC is at the Company's sole discretion and will be awarded once the Brand Partner has met with management to discuss the awarding of said position.
